

## Review Report

### Review Report to The Board of Directors Affle (India) Limited

We have reviewed the accompanying Special Purpose Interim Condensed Consolidated Financial Statements of Affle (India) Limited (the “Company”) and its subsidiaries (the Company and its subsidiaries together referred to as “the Group”), which comprise the condensed consolidated Balance Sheet as at December 31, 2019, and the related consolidated Statement of Profit and Loss (including other comprehensive income) for the nine months period then ended, consolidated Statement of Changes in Equity and consolidated Statement of Cash Flows for the period then ended, and a summary of significant accounting policies and other explanatory information (together hereinafter referred to as “Special Purpose Condensed Consolidated Financial Statements”) as required by Indian Accounting Standard (“Ind AS”) 34 “Interim Financial Reporting”.

### Management’s Responsibility for the Financial Statements

This Special Purpose Condensed Consolidated Financial Statements, which is the responsibility of the Company’s management and approved by the Company’s Fund Raising Committee, has been prepared in accordance with the recognition and measurement principles laid down in Indian Accounting Standard 34, (Ind AS 34) “Interim Financial Reporting” prescribed under Section 133 of the Companies Act, 2013, as amended, read with relevant rules issued thereunder and other accounting principles generally accepted in India. These Special Purpose Condensed Consolidated Financial Statements have been prepared solely in connection with raising of funds in accordance with the provisions of the Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018, as amended (the “SEBI ICDR Regulations”). Our responsibility is to express a conclusion on the Special Purpose Condensed Consolidated Financial Statements based on our review.

### Scope of review

We conducted our review in accordance with the Standard on Review Engagements (SRE) 2410, “Review of Interim Financial Information Performed by the Independent Auditor of the Entity” issued by the Institute of Chartered Accountants of India. This standard requires that we plan and perform the review to obtain moderate assurance as to whether the Special Purpose Condensed Consolidated Financial Statements are free of material misstatement. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

### Conclusion

Based on our review conducted as above, nothing has come to our attention that causes us to believe that the accompanying Special Purpose Condensed Consolidated Financial Statements are not prepared, in all material respects, in accordance with the recognition and measurement principles of Ind AS-34

prescribed under Section 133 of the Companies Act, 2013, read with relevant rules issued thereunder and other accounting principles generally accepted in India.

### **Emphasis of matter**

We draw attention to Note 15.2 (ii) to the accompanying Special Purpose Condensed Consolidated Financial Statements, which indicate that business combination under common control has been accounted for using purchase method in accordance with previous GAAP resulting in the recognition of goodwill of amounting Rs 59.24 million as on December 31, 2019 as prescribed under court scheme instead of using pooling interest method as prescribed under Ind AS 103 Business Combinations as the approved court scheme will prevail over applicable accounting standard. Our conclusion is not modified in respect of this matter.

### **Other matters**

1. The Special Purpose Condensed Consolidated Financial Statements includes the unaudited interim financial statements and other financial information in respect of three subsidiaries, whose unaudited interim financial statements reflect total assets of Rs 1,354.41 million as at December 31, 2019, total revenues of Rs 1,266.11 million and net cash outflow of Rs 75.74 million for the nine months ended December 31, 2019 as considered in the Special Purpose Condensed Consolidated Financial Statements, which have been reviewed by their respective independent auditors.

The independent auditor's report on interim financial statements/ financial information of these entities have been furnished to us by the Company's management and our conclusion on the Special Purpose Condensed Consolidated Financial Statements, in so far as it relates to the amounts and disclosures in respect of these subsidiaries is based solely on the report of such auditors.

Each of these subsidiaries are located outside India whose interim financial statement and other financial information have been prepared in accordance with accounting principles generally accepted in their respective countries and which have been reviewed by other auditors under generally accepted auditing standards applicable in their respective countries. The Holding Company's management has converted the interim financial statement of such subsidiaries located outside India from accounting principles generally accepted in their respective countries to accounting principles generally accepted in India. We have reviewed these conversion adjustments made by the Company's management. Our conclusion in so far as it relates to the balances and affairs of such subsidiaries located outside India is based on the report of other auditors and the conversion adjustments prepared by the Company's management and reviewed by us.

2. We have not audited or reviewed the comparative financial information appearing in the Special Purpose Condensed Consolidated Financial Statements for the nine months ended December 31, 2018 which have been presented solely based on the information compiled by the management and has been approved by the Company's Board of Directors.

## **1. CORPORATE INFORMATION**

The unaudited interim condensed consolidated financial statements comprise of financial statements of Affle (India) Limited ("the Company") and its subsidiaries (collectively, the Group) for the period ended December 31, 2019. The Company is a public limited company, domiciled in India, incorporated under the provisions of the Companies Act, 1956, and is a subsidiary of Affle Holdings Pte. Ltd. The Company was incorporated on 18 August 1994. The shares of the Company got listed on National Stock Exchange Limited and Bombay Stock Exchange Limited on August 8, 2019.

The Group is engaged in providing mobile advertisement services through information technology and software development services for mobiles. The registered office of the Company is situated at 102, Wellington Business Park-1, Off Andheri Kurla Road, Marol, Andheri (East), Mumbai 400 059. The principal place of business is in Haryana, India.

The consolidated financial statements were approved for issue in accordance with the resolution of fund raising committee on April 28, 2021.

## **2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

### **i) Basis of preparation of unaudited interim condensed consolidated financial statements**

These unaudited interim condensed consolidated financial statements ("financial statements") of the Group have been prepared in accordance with Indian Accounting Standards (Ind AS) 34, "Interim Financial Reporting" notified under section 133 of Companies Act, 2013 (the "Act") and rules thereunder.

The accounting policies adopted in the preparation of these financial statements are consistent with those followed in preparation of the annual financial statements for the year ended March 31, 2019 except for leases (refer (ii) below) which was applied and effective from April 1, 2019. Further, certain selected explanatory notes are included to explain events and transactions that are significant for the understanding of the changes in the financial position and performance since the last annual financial statements.

These financial statements do not include all the information and disclosures required in the annual financial statements, and should be read in conjunction with the Company's annual Ind AS financial statements.

These financial statements have been prepared in connection with raising of funds in accordance with provisions of the Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018 (the "SEBI ICDR Regulations").

### **ii) Leases**

The determination of whether an arrangement is, or contains a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfilment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an consideration.

#### **Group as a lessee**

The Group applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Group recognizes lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

#### **i) Right-of-use assets**

The Group recognizes right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the period of the lease term (Refer Note 10(a)).

If ownership of the leased asset transfers to the Group at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset.

The right-of-use assets are also subject to impairment.

## **ii) Lease Liabilities**

At the commencement date of the lease, the Group recognizes lease liabilities measured at the present value of lease payments to be made over the lease term. The effective interest rate for the lease liabilities of the Group ranges from 2% to 11% per annum. The lease payments include fixed payments (including in substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Group and payments of penalties for terminating the lease, if the lease term reflects the Group exercising the option to terminate. In calculating the present value of lease payments, the Group uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

The Group's lease liabilities are included in financial liabilities (Refer Note 10 (a)).

## **iii) Short-term leases and leases of low-value assets**

The Group applies the short-term lease recognition exemption to its short-term leases of rent on property and on rent of computer equipment (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also recognizes leases with original lease term of more than 12 months from the commencement date and do not contain any non-cancellable period/lock-in period. It also applies the lease of low-value assets recognition exemption to leases of office equipment that are considered to be low value. Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight-line basis over the lease term.

## **iii) Basis of consolidation**

The unaudited interim condensed consolidated financial statements comprise the financial statements of the Company and its subsidiaries as at December 31, 2019. Control is achieved when the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee.

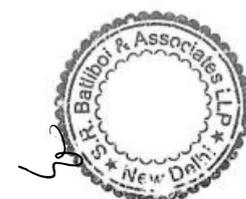

Specifically, the Group controls an investee if and only if the Company has:

- Power over the investee (i.e. existing rights that give it the current ability to direct the relevant activities of the investee)
- Exposure, or rights, to variable returns from its involvement with the investee, and
- The ability to use its power over the investee to affect its returns

The Group re-assesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control. Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary. Assets, liabilities, income and expenses of a subsidiary acquired or disposed of during the period are included in the consolidated financial statements from the date the Group gains control until the date the Group ceases to control the subsidiary.

Consolidated financial statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances. If a member of the Group uses accounting policies other than those adopted in the consolidated financial statements for like transactions and events in similar circumstances, appropriate adjustments are made to that Group member's financial statements in preparing the consolidated financial statements to ensure conformity with the Group's accounting policies.

The financial statements of all entities used for the purpose of consolidation are drawn up to same reporting date as that

of the Company, i.e., the period ended on December 31, 2019. When the end of the reporting period of the parent is different from that of a subsidiary, the subsidiary prepares, for consolidation purposes, additional financial information as of the same date as the financial statements of the parent to enable the parent to consolidate the financial information of the subsidiary, unless it is impracticable to do so.

**Consolidation procedure:**

- (i) Combine like items of assets, liabilities, equity, income, expenses and cash flows of the parent with those of its subsidiaries. For this purpose, income and expenses of the subsidiary are based on the amounts of the assets and liabilities recognised in the consolidated financial statements at the acquisition date.
- (ii) Offset (eliminate) the carrying amount of the parent’s investment in each subsidiary and the Company’s portion of equity of each subsidiary. Business combinations policy explains how to account for any related goodwill.
- (iii) Eliminate in full intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between entities of the Group (profits or losses resulting from intragroup transactions that are recognised in assets, such as inventory and fixed assets, are eliminated in full). Intragroup losses may indicate an impairment that requires recognition in the consolidated financial statements. Ind AS 12 Income Taxes applies to temporary differences that arise from the elimination of profits and losses resulting from intragroup transactions.

**List of entities consolidated**

The list of entities consolidated by the Group, which are included in the consolidated financial statements are as under:

S. No.	Entity	Principal activities	Relationship	Place of incorporation	Percentage of ownership interest as at	
					December 31, 2019	March 31, 2019
1	Affle International Pte. Ltd.	Rendering service through ‘Mobile Audience As a Service’ (“MAAS”)	Direct subsidiary	Singapore	100%	100%
2	PT Affle Indonesia		Step down subsidiary – Subsidiary of Affle International Pte. Ltd.	Indonesia	100%	100%
3	Affle MEA FZ-LLC		Dubai, United Arab Emirates	100%	100%	

Profit or loss and each component of other comprehensive income (“OCI”) are attributed to the equity holders of the parent of the Group and to the non-controlling interests, even if this results in the non-controlling interests having a deficit balance. When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies into line with the Company’s accounting policies. All intra-group assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

A change in the ownership interest of a subsidiary, without a loss of control, is accounted for as an equity transaction. If the Group loses control over a subsidiary, it:

- Derecognises the assets (including goodwill) and liabilities of the subsidiary
- Derecognises the carrying amount of any non-controlling interests
- Derecognises the cumulative translation differences recorded in equity
- Recognises the fair value of the consideration received
- Recognises the fair value of any investment retained
- Recognises any surplus or deficit in profit or loss
- Reclassifies the parent’s share of components previously recognised in OCI to profit or loss or retained earnings, as appropriate, as would be required if the Group had directly disposed of the related assets or liabilities.

**(iii) Performance obligations**

Information about the Group's performance obligations are summarised below:

**Consumer platform**

The performance obligation is satisfied at a point in time and payment is generally due within 30 to 90 days of completion of services and acceptance of the customer. In some contracts, short-term advances are required before the advertisement services are provided.

**Enterprise platform**

The performance obligation is satisfied over time and payment is generally due within 30 to 90 days of completion of services and acceptance of the customer. In some contracts, short-term advances are required before the advertisement services are provided.

As the duration of the contracts for consumer and enterprise platform is less than one year, the Group has opted for practical expedient and decided not to disclose the amount of the remaining performance obligations.

**Notes:**

There is no impact on the revenue recognised by the Group due to implementation of Ind AS 115. Hence, the reconciliation of the amount of revenue recognised in the statement of profit and loss with the contracted price is not required.

**10. Earnings per share (EPS)**

Basic EPS amounts are calculated by dividing the profit for the period / year attributable to equity holders of the parent by the weighted average number of equity shares outstanding during the period/year.

For the purpose of calculating diluted EPS, the net profit for the period / year attributable to equity shareholders and the weighted average number of shares outstanding during the period / year is adjusted for the effects of all dilutive potential equity shares.

The following reflects the income and share data used in the basic and diluted EPS computations:

	For the nine months period ended

**c. Contingent liabilities**

(i) Claims against the Group not acknowledged as debts includes the following:

- Income tax demand from the Income tax authorities for assessment year 2017-18 of INR 64.88 million on account of disallowance of bad debts written off, advances written off, amortisation of goodwill and certain expenses under various heads as claimed by the Group in the income tax. The matter is pending before Commissioner of Income Tax (Appeals), Mumbai.

- Income tax demand from the Income tax authorities for assessment year 2015-16 of INR 2.95 million on account of disallowance of avilment of cenvat credit and write off of certain advances in the income tax. The matter is pending before ITAT.

The Group is contesting the demands and the Management, including its tax advisors, believes that its position will likely be upheld in the appellate process. No tax expense has been accrued in the financial statements for the demand raised. The management believes that the ultimate outcome of this proceedings will not have a material adverse effect on the Group's financial position and results of operations. The likelihood of the above cases going in favour of the Group is probable and accordingly have not considered any provision against the demands in the financial statements.

(ii) Other:

There are numerous interpretative issues relating to the Supreme Court (SC) judgement on PF dated 28th February, 2019. As a matter of caution, the Group has made a provision on a prospective basis from the date of the SC order. The Group will update its provision, on receiving further clarity on the subject.

<b>Total</b>	<b>-</b>	<b>1,079.73</b>	<b>-</b>	<b>805.78</b>

The management assessed that cash and cash equivalent, other bank balances, trade receivables, borrowings, trade payables and other financial liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.

The fair value of the financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale. Further, the subsequent measurements of all assets and liabilities (other than investments) is at amortised cost, using effective interest rate (EIR) method.

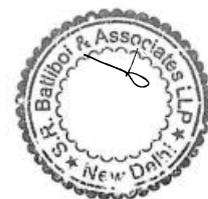

**The following methods and assumptions were used to estimate the fair values:**

Receivables are evaluated by the Group based on parameters such as interest rates, specific country risk factors, individual creditworthiness of the customer and the risk characteristics of the financed project based on this evaluation, allowances are taken into account for the expected credit losses of these receivables.

The fair value of unquoted instruments is estimated by discounting future cash flows using rates currently applicable for debt on similar terms, credit risk and remaining maturities.

For other financial assets and liabilities that are measured at fair value, the carrying amounts are equal to the fair values.

**14(ii). Fair value hierarchy**

All financial instruments for which fair value is recognised or disclosed are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is insignificant to the fair value measurements as a whole.

Level 1 : Quoted (unadjusted) prices in active markets for identical assets or liabilities.

Level 2 : Valuation techniques for which the lowest level inputs that has a significant effect on the fair value measurement are observable, either directly or indirectly.

Level 3 : Valuation techniques for which the lowest level input which has a significant effect on fair value measurement is not based on observable market data.

The following table provides the fair value measurement hierarchy of the Group's assets and liabilities.

**Quantitative disclosures fair value measurement hierarchy for assets as at December 31, 2019:**

There have been no transfers between Level 1, Level 2 and Level 3 during the year ended March 31, 2019.

**Valuation technique used to derive fair values**

The Group's unquoted instruments is estimated by discounting future cash flows using rates currently applicable for debt on similar terms, credit risk and remaining maturities. The valuation requires management to make certain assumptions about the model inputs, including forecast cash flows, discount rate, credit risk and volatility. The probabilities of the various estimates within the range can be reasonably assessed and are used in management's estimate of fair value for these unquoted equity investments.

**15. Business combination****15.1 Business combinations under non common control entities****(i) Acquisition of identified business of Shoffr Pte. Ltd.**

Effective February 19, 2019, Affle International Pte Ltd., Singapore ("Affle International"), wholly owned subsidiary of the Company acquired the Business ("Identified Business") of Shoffr Pte. Ltd. ("Shoffr") for a consideration of INR 41.46 million. Affle International acquired the Identified Business of Shoffr so as to grow and strengthen the consumer and enterprise platform segment.

**Assets acquired and liabilities assumed**

a) Affle International acquired intangible assets of the Identified Business including the Intellectual Properties, domain name, business relationships, employees and non-compete, the book value of which was Nil on the date of acquisition. The management of Affle International has used services of an external independent expert to carry out a detailed Purchase Price Allocation ("PPA") of the purchase consideration paid to the shareholders of Shoffr. Pursuant to such PPA valuation, conducted by an independent expert, it was concluded that there were no identifiable intangible assets which would meet the recognition criteria and hence the entire consideration of INR 41.46 million has been allocated to Goodwill. The accounting for this business combination has been finalised as at date of the financial statements.

<b>Analysis of cash flow on acquisition:</b>	<b>INR million</b>
Transaction costs of the acquisition (included in cash flows from operating activities)	-
Consideration paid in cash (included in cash flows from investing activities)	41.46
<b>Net cash flow on acquisition</b>	<b>41.46</b>

b) Pursuant to the business purchase agreement dated February 19, 2019, INR 7.5 million was payable after 3rd year of successful integration and performance of Shoffr business undertaking on February 19, 2022. This was recorded as a shareholder liability in the books in the earlier year. In the previous year, the above deferred consideration has been waived off by the shareholders through a mutual settlement with Affle International owing to negotiations and exit of one of the shareholders. As the deferred consideration was not contingent upon any future event and that there was no conditions existing on the date of acquisition which substantiates that this consideration will not be payable as on the respective due date or as at the year ended March 31, 2020, it has been recorded as other income in the financial statements.

**(ii) Acquisition of identified business of RevX Inc.**

Effective April 1, 2019, Affle International Pte. Ltd., Singapore ("Affle International"), wholly owned subsidiary of the Company acquired the Business ("Identified Business") of RevX Inc. ("RevX") for a consideration of INR 339.24 million. Affle International acquired the Identified Business of RevX so as to continue the expansion of the consumer platform segment.

**Assets acquired and liabilities assumed**

Affle International has acquired the intangible assets of Identified Business of RevX namely the Intellectual Properties, domain name, business relationships and non-compete whose book value as on the date of acquisition was Nil. The management of Affle International has used services of an external independent expert to carry out a detailed Purchase Price Allocation ("PPA") of the purchase consideration paid to the shareholders of RevX. Pursuant to such PPA valuation, conducted by an independent expert, the net consideration of INR 339.24 million have been allocated, based on the fair value computations, at the acquisition date, as an intangible asset, arising from this acquisition. The accounting for this business combination has been finalised as at date of the financial statements.

The Group's acquisition of business from AGPL was considered to be a business combination under common control as AGPL and the Group are both ultimately controlled by Affle Holdings Pte. Ltd. The Group had adopted pooling of interest method in respect of the acquisition of business combination under common control as prescribed in Appendix C to Ind AS 103 "Business combinations of entities under common control".

As such, the consolidated financial statements as at and for the year ended March 31, 2019 incorporate the financial statements of the combining entities or businesses in which the common control combination occurs as if they had been combined from the beginning of the earliest financial years presented.

As Affle International had not acquired any assets except the intangible asset and the equity interests in PT Affle Indonesia, Indonesia as on July 01, 2018, the profits attributable to AGPL for the period April 01, 2018 to June 30, 2018; amounting to INR 59.94 million, have been adjusted from consolidated profit for the year ended March 31, 2019 under other equity. The same have been disclosed as cash flows from investing activities for the year ended March 31, 2019.

Transaction costs incurred in combining operations of the previously separate businesses, etc., incurred in relation to the common control combination have been recognised as an expense in the year in which it is incurred.

**(ii) Scheme of amalgamation in accordance with previous GAAP**

During the year ended March 31, 2017, the Holding Company has merged its fellow subsidiaries i.e. AD2C Holdings, AD2C India, Appstudioz Technologies into one merged entity, Affle India Limited (formerly known as "Affle (India) Private Limited") under the court approved scheme of amalgamation in accordance with erstwhile applicable previous GAAP.

Business combination under common control has been accounted for using purchase method in accordance with previous GAAP as prescribed under court scheme instead of using pooling interest method as prescribed under Ind AS 103. Business Combinations as the approved court scheme will prevail over applicable accounting standard.

Accordingly, the Scheme was accounted for using purchase method in accordance with erstwhile applicable Accounting Standard 14 "Accounting for Amalgamations". All the assets and liabilities of the Transferor Companies have been incorporated at fair values as at April 1, 2015 against the purchase consideration of INR 84.64 million which resulted in the Goodwill on amalgamation of amounting INR 59.24 million.

**Impairment testing of Goodwill**

Goodwill acquired through business combinations have indefinite life. The Group performed its impairment test for the nine months ended December 31, 2019. The Group considers the relationship between its value in use and its carrying value, among other factors, when reviewing for indicators of impairment.

The recoverable amount of the goodwill is determined based on value in use ("VIU") calculated using cash flow projections from financial budgets approved by management covering a five year period and the terminal value (after considering the relevant long-term growth rate) at the end of the said forecast periods. The Group has used long-term growth rate of 2% (March 31, 2019: 2%) and discount rate of 12.5% (March 31, 2019: 12.5%) for calculation of terminal value.

The said cash flow projections are based on the senior management past experience as well as expected market trends for the future periods. The projected cash flows have been updated to reflect the decreased demand for services. The calculation of weighted average cost of capital (WACC) is based on the Group's estimated capital structure as relevant and attributable to the Group. The WACC is also adjusted for specific risks, market risks and premium, and other inherent risks associated with similar type of investments to arrive at an approximation of the WACC of a comparable market participant. The said WACC being pre-tax discount rates reflecting specific risks, are then applied to the above mentioned projections of the estimated future cash flows to arrive at the discounted cash flows.

Discount rates represent the market assessment of the risks specific to each CGU, taking into consideration the time value of money and individual risks of the underlying assets that have not been incorporated in the cash flow estimates. The discount rate calculation is based on the specific circumstances of the Group and its operating segments and is derived from its WACC.

The key assumptions used in the determination of VIU are the revenue annual growth rates and the EBITDA growth rate. Revenue and EBITDA growths are based on average value achieved in preceding years. Also, the growth rates used to extrapolate the cash flows beyond the forecast period are based on industry standards.

Based on the above assumptions and analysis, no impairment was identified as at December 31, 2019 (March 31, 2019: Nil). Further, on the analysis of the said calculation's sensitivity to a reasonably possible change in any of the above mentioned key assumptions / parameters on which the Management has based determination of the recoverable amount, there are no scenarios identified by the management wherein the carrying value could exceed its recoverable amount.
